VOL. XXVII. UKIAH, MENDOCINO CO., CAL.: FRIDAY, OCTOBER 3, 1902 N 13

THE TEACHERS' ANNUAL INSTITUTE

Most Successful Meeting of Our Pedagogues.

Large Number of Teachers Present.—A Harmonious and Profitable Gathering.—Next Meeting at Willits.

The annual meeting of the teachers of Mendocino county convened in this city last Tuesday at noon in Marks' opera house and has been holding their sessions daily since.

The local committies had perfected all arrangements in connection with the gathering of our visitors, and also for their entertainment, and their efforts were not wasted for this institute has been proclamed by all to have been one of the most enjoyable and instructive that has ever been held in the county.

Several gentlemen of fame in the educational world had been invited to attend and to give their experience gained by years of instruction for the benefit of the visiting teachers.

The city has been very lively during the week with its many school marms and male educators, and Ukiah too has favored all with delightful weather.

The following officers have been in charge of the institute:

President, J. F. Barbee; vice-presidents, Miss Sue Harris and Miss Flora Van Allen; secretary, J. W. Patton; assistant secretaries, Miss Bessie Price Miss Jessie Cuthbertson.

The committies were as follows:

Reception, Prof. L. W. Babcock and teachers of Ukiah; music, P. B. Westerman; resolutions, J. S. Cotton, Miss Effie Minor, Miss Honor Van Dyke, Miss Mamie Kirtley, Miss Selma Grothe.

Last evening the Glee Club of the University of California gave an entertainment at Marks opera house which was complimentary to the visiting teachers of the institute and the evenings entertainment was one that was most highly enjoyed by all.

To-night the institute will close with a grand ball tendered by the citizens of Ukiah, which also will be complimentary to the teachers. All plans are perfected to make this ball the great social event of the season.

The teachers decided to hold the next institute in Willits by a vote of 110 to 27 last evening. The fight was between this city and Willits.

The Electric Plant.

The remodeling of the Ukiah municipal electric light plant has been completed and the current was switched on last Wednesday evening. The principal changes that have been made was the turning around of the large Corliss engine and the setting of the dynamo further back from the line shaft which transports the power to the dynamos. Formerly the distance from the engine to the shaft was only thirteen feet and by the change has been increased to 27 feet 5 inches, some 6 feet have also been added to the belt that drives the large dynamo. This change has increased the power of the plant as the great tension of the belts has been done away with and the power generated has been more fully utilized. This all has caused a great deal of labor and expense as a new cement foundation had to be constructed for the engine, and several mechanics have been employed for about four weeks making the change. The citizens have been put to considerable inconvenience during the past month owing to the darkness that has prevailed but now the efficiency of the lighting station has been increased so everyone is satisfied.

Ladies Political Equality Club.

A meeting of the Ladies Political Equality Club will be held in Ukiah on the afternoon of Wednesday, October 8th, when Mrs. Florence Jackson Stoddard, who is a lecturer known in many parts of the United States, will speak on "Travels in Europe." The meeting will take place at Sanford's hall beginning at 2:30 p. m. Admission free.

The Coming Fair.

President Simmons and Track Superintendent of the forty-fifth Agricultural District report that everything is in readiness for the coming fair commencing next Tuesday. A large number of exhibitors have communicated with the officers requesting space in the pavilion for their exhibits. A race meeting of the highest standard is an assured fact. A large number of horses are now quartered on the track and more arriving daily. Burns and Waterhouse will send several fast racers from their stock farm at Hopland. The improvements at the track have placed that race course at the head of all half mile tracks in the state and it is stated by experts that it is the fastest of its distance in the state. The heavy grade that has in the past brought disfavor to the track has been cut down and the turns have all been well banked, and it is confidently expected that many records will be broken by the fastest horses on the speedy track next week.

Turf Notes.

On Tuesday, October 7th commences the Second Annual Fair of Agricultural District No. 45 comprising Mendocino County. There are now at the race track about forty high class race horses to compete for the purses offered next week, and about ten more good horses will arrive in a day or two. The trotting races did not fill satisfactorily and were declared off and trotting purses will be divided among the runners principally. Ukiah never before has seen such high class running horses as are here now, and considering the excellent condition of the track new records will be numerous. New cow sheds have just been completed at the Fair Grounds and the whitewash brush is being freely used and everything will be attractive by the time the races begin.

Residents throughout the county should be liberal in entering live stock as well as other exhibits subject to premiums and endeavor to make this the most successful fair ever held in Mendocino county

Semi-Annual Field Day.

The seventeenth semi-annual field day of the Academic Athletic League will be held at the Berkeley oval, in Alameda county tomorrow. The program is made up of eleven events. The team of the Ukiah High school are entered in the following events: 100 and 220 dash, Hagans; 440 dash, Weller; 880 run, Byrnes; mile run, Byrnes and Grover; 120 yard hurdles, Patton and Horton; 220 yard hurdles, Thayer, Thomas, Patton and Horton; high jump, Seawell, Patton, Smith and Briggs; broad jump, Hagans, Weller, and Thomas; shot put, Briggs, Horton and Blakemore; pole vault, Seawell. This promises to be a most exciting field day as all the schools in the league have entered their best athletes. The members of the Ukiah team can be depended upon to maintain their supremacy in athletic sports.

A Narrow Escape.

While attending the afternoon session of the teachers' institute on last Tuesday Miss Ora Muir of this city was a victim of what might have been a very serious accident. Miss Muir was seated near the wall of the opera house directly under one of the windows when a large terra cotta jar containing a potted plant fell from the window sill, a distance of about five feet, striking her on the head inflicting a serious scalp wound. Medical attendance was quickly summoned and the young lady is improving as fast as could be expected. The jar was very heavy and Miss Muir was very fortunate to escape without having her skull fractured.

For Sale Cheap.

500 high grade Merino ewes, yearlings to seven years old, two-thirds are mutton sheep now. The balance are in good order. Adress: GEO HOOD, Hopland Cal.

NEIGHBORLY OBSERVATIONS

People Who Have Come Or Gone During The Week.

Various Items that Will Be of Interest to the Readers of The Press—What Your Friends Have Done Since Our Last Issue.

Attorney Thatcher visited Boonville Tuesday.

Mrs. J. R. Mathews is visiting in San Francisco.

J. W. Rushing of Boonville was in town last Friday

M. B. Gibson of Eden valley arrived in town last week.

Miss Grace Reid of San Francisco is visiting in this city.

Mr. and Mrs. Ed Wells of Vallejo are visiting in this city.

James Noonan of Bell Springs had business in town this week.

Dave Thompson was over from Mendocino during the week.

County Clerk McCowen issued 16 marriage licenses during September.

Miss Bettie Chalfant and Mrs. J. Q. White are visiting in San Francisco.

P. H. Idol, the stage man of Scotia, was registered at the Grand this week.

Robert Bucknell of Upperlake was registered at the Palace last Tuesday.

W. P. Thomas left for San Francisco last Tuesday on a business trip.

Frank Seawell of Santa Rosa was in town during the early part of the week.

Miss Grace Cunningham returned last week from an extended visit on the coast.

Miss Ethel Elledge is spending the week in Healdsburg visiting friends and relatives.

Attorney J. M. Mannon jr. was up from San Francisco Sunday on the excursion.

Messrs Jamie Sturtevant and Milton Mannon came up on the excursion last Sunday.

As near as can be estimated at present there will be about 6000 voters on the great register this fall.

J. H. Travis a prominent stock raiser of Trinity county paid a business visit to Ukiah last Tuesday.

Miss Bessie Scott has been very ill during the week, but is now reported to be on the fair road to recovery.

Roy Whited an enterprising farmer of Willits, was in town Tuesday to dispose of his potato crop. He has about twenty tons on hand.

Several race horses came from Humboldt county and the northern section of this county last Tuesday to be in attedance at the races next week.

George Thomas, the well-known commercial traveler of Baker & Hamilton has been in town this week interviewing the local hardware merchants.

County Clerk McCowen reports that 8 civil cases, 4 divorces, 3 criminal cases and 5 probate matters were filed in his office during the month of September.

The first gun of the Democratic campaign was fired in this city last Saturday night by nominee for congress, Bell. He was greeted by a medium house.

Ed Wells and wife, former residents of this city, and who have been living at Vallejo for the past two years, are visiting friends and relatives in Ukiah. Mr. Wells is an employee at the Mare Island navy yard.

The Ukiah Hospital and Sanitarium presented the visiting teachers with an elegant souvenir program of the institute proceedings this week. The pamphlet contained handsome halftones of the Ukiah Grammar school, Court house and the Ukiah Hospital and Sanitarium. The work was done at this office.

Newt Rogers left this week for Healdsburg.

The local schools closed this week for institute.

Miss Lulu Ames visited friends in Potter last week.

Fred Thomas is having his residence remodeled.

A. H. Ewert paid Willits a business visit last Wednesday.

Dr. S. Odle, the veterinary surgeon, is in Colusa city this week.

W. S. Mann, of Hemlock was a visitor in town on Wednesday last.

Vane Rogers was down from Willits Sunday to witness the base ball game.

J. F. Barbee and Ed R. Wright have returned from a canvass of the county.

J. C. Hensley a tanbark operator of Boonville has been in this city during the week.

Mr. and Mrs. Robert McKinley visited John Day's popular resort last week.

William Moore, a prominent rancher of Willits section was down on business Monday.

Charles H. Benton, steward at the Grand hotel, has been on the sick list during the week.

Bert Van Nader is acting as deputy county treasurer during the absence of Treasurer Rea.

G. W. Parker, Repulbican nominee for recorder, returned last week from a trip to the coast.

Henry Marks, the popular merchant, visited Covelo last week to look after business interests.

F. A. Whipple, justice of the peace at Fort Bragg was a visitor in the county seat this week.

Mrs. James Donahue of this city has been visiting frends in Santa Rosa during the week.

Jack Holliday was up from San Francisco on the excursion Sunday renewing old acquaintances.

The valley has been overcast with a heavy smoky atmosphere during the past week. The hills to the northeart of town being the seat of a large fire.

The Calhoun Piano company of this city have been selling out their stock of musical instruments and sewing machines this week, preparatory to going out of business.

The quail season opened last Wednesday and a number of our local sportsmen have been trying to locate the toothsome bird. The quail are scarce in this vicinity this season.

Last week C. A. Yordi, of Cloverdale, lost by fire about 200 cords of tanbark in Ornbaun valley in the southern part of this county. The fire was the act of an incendiary.

Lew Norton, deputy secretary of state, accompanied by A. C. Irwin, Republican nominee for railroad commissioner for the 1st district, spent several days in town this week interviewing the voters.

Mrs. Julia A. Wheeler of San Francisco, and the owner of the Wheeler Ranch three miles below town, is in this city on a business visit in connection with her property. She is visiting Dr. George McCowen and wife.

The annual street and agricultural fair of Sonoma and Marin counties which is being held in Santa Rosa this week has been a grand success. Many novel entertainments have been introduced and a fine display of the resources of the counties exhibited. Today is Mendocino county day.

Miss Grace Reid is visiting relatives in this city at present.

Don't forget the institute ball to-night. Admission 75 cents.

Mrs. J. R. Mathews is in San Francisco for a two months visit.

Mrs. J. Q. White and Mrs. Elizabeth Chalfant are visiting friends in Oakland.

A large fire in the hills east of town has kept the valley filled with smoke this week.

Conductor Cummings has returned to his run from this city to Willits after a months vacation.

George Willits, the popular wet goods man of Willits, passed through town this week enroute for San Francisco.

John Gurley who has been working for Duffield in Willits has accepted a position in Ukiah with H. Marks & company.

E. L. Young and Joe Thomas returned last week from a hunt in Eden valley and report killing some fine bucks.

The teachers institute ball which will be given at Mark's opera house this evening promises to be the social event of the season.

Laurie McGarvey who is employed in J. H. Barker's plumbing shop, visited in San Francisco a few days the first of the week.

Miss Ada Handy returned the early part of the week from a trip to Honolulu where she has been visiting her brother, F. C. Handy.

U. N. Briggs was called to Willits last week on business connected with a new brick building which will be erected there shortly.

Bob Moore is reported to have been the bell of the ball given at Wendling last Saturday night. Newt Cleveland was a close second.

Dr. Cleveland, the cancer specialist, returned last week from an extended professional trip to adjoining counties. The doctor has a large practice.

Henry Hopper, John Burgess and Marcus Gibson returned this week from a hunting trip to northern Mendocino. As usual they report a large killing.

Mendocino county shipped from her coast ports during the month of September 10,361,985 feet of lumber, 77,168 railroad ties and 700,000 shingles.

J. L. Johnson, the popular Republican nominee for sheriff, returned Tuesday from a weeks trip to Round valley. Mr. Johnson is a hustler and left for the coast Wednesday. He is conceded to be a sure winner.

W. A. S. Foster of Willits and R. X. Ryan of the local railway came up from San Francisco Sunday. Mr. Foster left for Willits Monday and Mr. Ryan remained here looking after the company's business.

The graduation exercises of the Interstate music class conducted by Mrs. Wadsworth last Saturday evening was a decided success and a highly enjoyable evening was spent by all present. The selections rendered gave evidence of thorough study and reflected credit on the teacher.

Over 1000 people availed themselves of the cheap excursion rate from San Francisco Sunday and visited this city. The excursionists were very orderly and of the class of people who are a profit to the town they visit. We wish to congratulate the C. N. railway on the manner in which their excursions are conducted. They cannot come too often.

J. F. Pyrant, a former resident of this city has purchased an undivided onehalf interest in the City Pharmacy and with J. R. Mathews will conduct the business in future. Mr. Pyrant has for a number of years been in business in Arizona but has decided there is no place quite so good as Ukiah. Mr. Mathews needs no recommendation and it is safe to say that the new firm will continue the former businesslike methods and handle nothing but firstclass goods.

A NEW TOWN IN ANDERSON

Wendling The Name Selected By the Residents.

It Is Located On the Line of the Albion and Southwestern Railway Near the Wendling Company's Mills.

County Surveyor Donahue returned Monday from Anderson valley where he has been surveying the new town of Wendling. The town is to be located at what is known as the soda spring three miles north of Christine. A beautiful little park has also been laid out around the famous soda spring. A modern hotel and livery stable will soon be in course of construction as well as several fine residences. Wendling is on the line of the Albion and Southwestern railway and no doubt has quite a future before it. A wagon road to connect with the Ukiah and Mendocino road at Low Gap is being urged and if built will place the town within 25 miles of this city over good roads. An application for a postoffice has already been sent in and will no doubt be granted.

The town is named for the Wendling Redwood Shingle company whose mills are located near by and almost completed. The saw mill will be running in about 30 days with a capacity of 40,000 feet. The shingle mill will turn out about 300,000 a day.

The Glee Club.

The entertainment furnished last evening by the State University Glee club was exceptionally good despite the fact that this is the first time they have been on the road in three years. Each member received loud encore and Erick Morse's monologue made a decided hit. The house was packed and when the performance was over an impromptu dance was arranged in honor of the boys. The members of the Glee club are decidedly well behaved young gentlemen and displayed no tendency to be rough or boisterous. In the event of a future visit they would receive good patronage.

New Corporation.

Articles of incorporation of a corporation to be known as Ukiah Guarantee, Abstract and Title Company were filed this week in the office of the secretary of state. As the name indicates, the principal business of the corporation will be the making of abstracts and certificates of title to real property and guaranteeing the title to the same. The capital stock is $25,000, divided into 25000 shares. The stockholders and board of directors for the first year are: R. H. Smith, A. J. Thatcher, George W. McMullen, J. H. Carothers and John W. Preston, all of Ukiah.

Additional Locals.

Jordan's AAA1 Cutlery captured the Paris Exposition on quality of steel, structure, style, finish and cutting qualities.

Mr. and Mrs. J. M. Standley returned this week from Nome and were accompanied to this city by Lieutenant Hal Standley.

George Garside, who has been visiting his sister, Mrs. George French of Compatche, for the past three months, pased through town this week enroute for San Francisco.

Extensive forest fires have been raging during the past month in the northern section of the county and hundreds of acres of timber and grazing lands have been burned over.

The case of the People vs V. H. York charged with the selling of liquor to a minor under the age of 18, was on trial Wednesday and Thursday in the Justice court at Boonville. The jury stood six to six and after anouncing their inability to agree were discharged and the case again set for trial for October 20. A. J. Thatcher was attorney for the prosecution and J. E. Pemberton for the defense.

STRIKERS ARE RIOTING

SMASH MAIL CARS IN NEW ORLEANS STRIKE.

Some Postoffice Cars Are Allowed to Run, but Others Are Broken Up by the Mob and Several Arrests by Police Follow.

New Orleans, Sept. 30.—The most sensational announcement of the day in the strike of 2,000 employes of the New Orleans Street Railroad company came when the linemen's union declared a sympathetic strike against the railway company, which owns every electric light in the city. Later the order was rescinded so far as the city's lights were concerned, but no repair work whatever will be done on the street car wires or at the power house.

Mayor Capdeville has been at work all day trying to bring the company's officials and the union men together. He used his influence to secure the arrested men's release, which has just been granted under heavy bonds.

Last night the city was comparatively quiet. It is reported any attempt to run passenger cars will bring out every labor organization in the city, and will completely tie up every branch of industry in New Orleans.

At 7:30 o'clock yesterday morning a car marked "U. S. Mail" was made ready. The postal authorities had demanded fifteen cars to carry mails to sub-stations, and it was in attempting to obey this order that the first trouble occurred. As the car began to move it was surrounded by a threatening mob and completely blocked. A second and third attempt met with the same resistance. The mail sign was torn off and the operators so badly frightened that the car was returned to the shed. As a result of this and other interference, affidavits were sworn before United States Commissioner Craig, and fifteen officers and members of the union were arrested. At 9 o'clock yesterday morning a second attempt was made to start the cars ordered by the postal authorities. One was made ready, but as it began to move, it was pounced upon and the trolley rope cut. At 1 o'clock a third car loaded with policemen and detectives tried to leave the barn. A perfect hail of blocks, stones and bottles demolished every window and much of the woodwork. A policeman was hit on the head and seriously injured. Afterward the car managed to go on its way.

At the other barns three mail cars were allowed to leave. An attempt to start a passenger car carrying no mail was successfully resisted. Not a passenger was allowed aboard any of the cars run. For 48 hours the city has been without car service and completely at the mercy of hackmen and drivers of nondescript vehicles.

MILES PLEASED WITH HARBOR DEFENSES

San Francisco, September 30.—Lieutenant General Nelson A. Miles, commanding the armies of the United States, made an inspection tour of the fortifications commanding the entrance to the Golden Gate yesterday morning. He was accompanied by Colonel Jacob Maus, his chief of staff, and Colonel Jacob B. Rawles, Artillery corps, commander at the Presidio

The party embarked on the government tug McDowell at 9 o'clock and proceeded to Fort Baker, to Point Bonita, to Fort McDowell, to the quarantine station, to Alcatraz, to Fort Mason and to the Presidio. At Alcatraz an inspection of the military prison as well as of the fortifications was made.

On leaving Fort Mason the McDowell proceeded direct to the Presidio wharf, and at 3:30 o'clock the general and his party were driven to the quarters of Colonel Rawles, where luncheon was served. Immediately afterward the general and his suite were driven to Battery Slaughter, opposite the National cemetery, and from there to the other fortifications in the vicinity.

Owing to the lateness of the hour, the inspection of the mortars and batteries was necessarily curtailed somewhat, and at 6 o'clock General Miles was driven to his quarters at the Palace hotel. There he was serenaded last night by the band of the Third Artillery Corps U. S. A. Last evening General Miles expressed himself as well pleased with the condition of the batteries guarding the bay and city, and congratulated Colonel Rawles on the manner in which the ordnance under his charge has been kept.

A portion of today will be devoted to a review and inspection of the troops quartered at the Presidio and the forts in this department. The maneuvers will start promptly at 10 o'clock on the golf links, and a detail of twenty men will conduct visitors to a point where the movements of the troops can be viewed.

KAISER'S WAR ARTICLES.

New York, Sept. 30.—Emperor William's new articles of war, says a Berlin dispatch to the Times by way of London, tell the soldiers that the path to the highest military rank is open to ability and knowledge. The correspondent adds that, so far as he is aware, there has been up to the present time no instance in the Prussian army of a common soldier rising to high command, while the large section of recruits which consists of educated Jews finds it impossible to obtain any commissions at all.

The Southern Pacific company is procuring rights of way for a cut-off from Sacramento, or from Brighton, five miles south of the capital city, by way of Stockton to the main line between Byron and Antioch, making an all-rail route for passenger business and doing away with the ferry boat at Benicia. Land has been bought for the road on the western line of this city and it is known that plans are on foot for a big steel bridge to cross Stockton channel. The route will be twenty miles farther to San Francisco than by way of Benicia, but it will be quicker and safer. Rights of way have been obtained from Sacramento as far as the northern line of San Joaquin county.

NOW LOOK OUT!

"Take care of yourself," say our friends. "I'll try to," we answer. We do take a little care, yet in spite of warm clothes, rubbers and mackintoshes, an army of people were bowled out by pneumonia and other lung and chest diseases last winter. They caught cold, neglected it, let it fix upon them, were torn by coughs, choked by inflammations and congestions, wasted by fever, tired out by pain and then gave up the fight. The hour you realize that you have a cold on the chest, place a Benson's Porous Plaster where the pain or oppression is felt. If you think two are needed make it two. No harm if you were covered with them. They act quickly and prevent the engorgment of blood in the organs. In this way—with ordinary caution as to exposure—you will break up the cold and avoid a serious sickness. No other applications, or any other form of treatment, will accomplish this as certainly and speedily. Benson's Plasters have a distinct and positive action and are curative to the highest degree. Use them with the same confidence for coughs, muscular rheumatism, the grip (back and chest) and all similar ailments. Women, who are chief sufferers from cold weather complaints, should keep these plasters always within reach. Get the genuine. All druggists, or we will prepay postage on any number ordered in the United States on receipt of 25c. each.

Seabury & Johnson, Mfg. Chemists, N.Y

"Such a Noise!"

The mother says to herself sometimes, "I can hardly endure it." Then a chill creeps over her as she thinks of the awful silence which falls upon the home when children are taken away, and she is glad her children are hardy of body and lusty of lungs.

When a child does not enjoy noisy sports and games there is something wrong, and that something will often be found to be a lack of nutrition adequate to the needs of youth and growth. The stomach is "weak," digestion is imperfect, and so the nourishment of the body is inadequate.

In such cases Dr. Pierce's Golden Medical Discovery works wonders. It changes puny, fretful children into healthy, happy girls and boys. The process by which this change is accomplished is strictly along the lines marked by Nature. All growth and strength come from food when it has been digested, converted into nutrition and assimilated. "Golden Medical Discovery" cures diseases of the stomach and other organs of digestion and nutrition, and so enables the body to obtain without loss or waste the benefit of the nutrition provided in food. The "Discovery" contains no alcohol and is entirely free from opium, cocaine and all other narcotics.

A Wonderful Thing.

"I have been thinking of writing to you for some time," writes Mrs. W. D. Benson, of Maxton, Robeson Co., N. C., "to let you know what a wonderful thing Dr. Pierce's Golden Medical Discovery did for my little boy. He was taken with indigestion when he was a year and a half old and he was under the doctor's treatment for five long years. We spent all we made for doctor's bills, and it did no good. He could eat only a little milk and cracker, and some times even this would make him sick. He could not sit up all day, and I gave up all hope of his ever getting any better. Three years ago I found one of your books, and on looking it over one day I noticed Dr. Pierce's Golden Medical Discovery recommended for indigestion. We bought some and gave it to our boy. He had been treated at Hoods by a good doctor and at Bennettsville, S. C., and at Currie and Lumberton and Maxton, and was only relieved for a short time. We gave him two bottles of Dr. Pierce's Golden Medical Discovery and it cured him. He is well as can be and can eat anything that he wants and it does not hurt him. He has not been sick a day since and it has been three years since he took your medicine."

A Thankful Mother.

"I have felt it my duty for a long time," writes Mrs. Mollie Jones, of Gap, Comanche Co., Texas, "to tell you of the wonderful cure effected by your 'Golden Medical Discovery' and 'Pleasant Pellets' in the case of our little boy, now nearly seven years old. When he was two months old he was taken with La Grippe, and it settled on his lungs and in his throat. His tonsils enlarged, and when he was two years old we had the doctor operate on them. Then we had the doctor take his tonsils out and he made bad work of it. If he went in the wind he would be sick, and we tried everything we could hear of and consulted every physician we saw, but they did not know what to do. When he was nearly six years old (in October, 1888) he was worse than ever, and I could not rest for being so uneasy about him. He was our fourth boy (the other three were dead), and it seemed to me that if he died I just could not bear it. I would go to sleep crying and begging God to spare him. Well, I could see he was getting so much worse; he was just as poor as he could be, and his kidneys had been troublesome all his life. I had read a book about Dr. Pierce's medicine. It seemed to me that this was the very medicine we wanted, and I told my husband that if he would buy some of Dr. Pierce's medicine I felt almost sure it would help our boy. He sent and got some and we commenced with the 'Golden Medical Discovery' on Friday night, and with the 'Pellets' the next morning. We gave him your medicine three times a day and by Sunday he was able to play, and in one month from the time he commenced taking it he had gained six pounds and his cough was all gone. He has not coughed any since, and he don't take cold any more than the rest of us. He goes about like the rest of the children and plays in the cold and hot weather."

Dr. Pierce's Common Sense Medical Adviser in paper covers is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE COUNTY REVIEWED.

Brief Record of Interesting Local Occurrences

Incidents and Accidents Along the Boundary—Personal Mention and Social Occurrences Related by Correspondents.

POTTER, September 30.—Last Saturday was a gala day at the hop house of J W. Spottswood, when every one met there to receive the rewards of their labors. Mr. Spottswood paid out over $1500 for hop picking on his place, and Wiley Pickle paid out over $350. The culture of hops has been a boon this year to Potter valley, and it is hoped that the growers will receive their reward.

The Oriental school district has purchased a bell for the new school house which will be erected this week. and a new well has been sunk on the school house grounds.

The Grange store building has been undergoing some much needed improvements during the past week.

Mr. Gutlins of Butte county has leased the well-known Lierly Ranch, he moved to his new home last week.

Mrs. Sarah Jenkins of Long valley accompanied by her grandson, Willie, has been visiting her sister, Mrs. Kate McGee.

Mrs. Busch and sister, Maggie Dashields left Tuesday last for the redwoods to visit the former's sister, Mrs. Hattie English.

Grace Marders came up on Monday last to visit her parents during institute week. She was accompanied by Miss Eva Briggs of Ukiah.

Miss T. Schroeder of Alameda is the guest of Miss Bell and Kate Busch.

Rev. Woods of the M. E. church preached his farewell sermon last Sunday and left on the following day to attend the conference which convenes at Oakland.

Rev. Hunt will hold services at the A. C. church on next Sunday morning. VERA.

GEYSERVILLE.—Sept. 27th 1902. I find the political pot boiling down here and that reminds me of Mendocino county. I see that Thomas Long is making an active canvass for supervisor. I wish to enlighten the people of his district a little as to his capabilities. In the first place he is an uneducated man with a great deal of presumption who never held any higher office than road master and being a man of strong prejudices is an unfit man for the position. He is seeking to show the people of his district how far he will let his prejudices carry him. I will simply make one statement and for the present drop the subject. In the year '99 Mr. Long was road master of the Round valley district and when the grand jury met it criticised the road and bridge work of the Round valley road district censuring the supervisor for his neglect. Mr. Long at once took up the matter, wrote a piece to the Dispatch and had it published censuring a member of the grand jury from Round valley as being the one who passed the act when there were nineteen citizens of Mendocino county acting as grand jurors and after calling in good citizens of the valley and hearing their evidence passed the censuring clause. Now this was passed against the supervisor of the district. Mr. Long took up the fight and published his piece censuring Wm. A. Foster as being the person who passed the censuring act of the grand jury when he had as little to do with it as any other member of the said grand jury. I simply make this statement to show the people of Mr. Long's district how inconsistent an uneducated man is and especially one who is seeking the suffrages of the community in which he resides. Wm A. Foster.

COVELO, September 20.—Politics are getting very warm in Covelo, the candidates for constable are getting a great deal of attention, also the supervisor fight is creating considerable talk. The voters do not stop to consider that in making a sectional fight of it that the other precincts in this locality will look at it in the same light.

J. L. Johnson the Republican nominee for sheriff has been in the valley for the past few days interviewing the voters. He left for Willits this morning.

J. N. Rea was in town this week looking after his chances for re-election to the office of county treasurer. N. B.

Samuel Gompers, president of the American Federation of Labor, has issued an address to the workingmen of the United States in which he asserts that notwithstanding all rumors to the contrary, the striking miners are standing firm. Mr. Gompers appeals for help for the miners. The address in part is as follows: "The strike of 150,000 miners in the anthracite region of Pennsylvania is now in its twentieth week. Personal investigation upon the ground demonstrates beyond a doubt the determination of the men to stand fast and faithful to each other on this great contest is even stronger than in the early stages of the contest. The miners, as do all others in a position to know, feel confident that at least some measure of victory will be attained, and that the organization will be upheld at all hazards. Large expenditures are involved in their maintaining the miners, their wives and children, even in the commonest necessities of life. Let no false rumors or reports of the weakening of the men deceive our fellow workers and friends. The men are standing firm. All unions should raise funds at once and forward them promptly and continually until the end of the contest. Donations from individual union members should be urged and assessments voluntarily levied. Forward all contributions to W. B. Wilson. secretary of the United Mine Workers of America, Stevenson Building, Indianapolis, Ind."

There is a Class of People

Who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new preparation called GRAIN-O, made of pure grains, that take the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from coffee. It does not cost over one quarter as much. Children may drink it with great benefit. 15 cents and 25 cents per package. Try it. Ask for GRAIN-O.

UNIVERSITY OF CALIFORNIA.

UNIVERSITY OF CALIFORNIA, September 27th.—The custom has now become firmly established of a "University Meeting," held at the "students hour" every second Friday morning. Fifteen hundred or more students and faculty men gather in the gymnasium to hear brief informal addresses by two visiting speakers, to listen to President Wheeler's accounts on University affairs, announcements of benedictions, and to sing toge her the college songs. President Roosevelt as an undergraduate at Harvard was described by his classmate, Mr. Fairfax H. Wheelan, President of the San Francisco University Club, at the last meeting. The freshman Roosevelt was characterized as a rather flat-chested boy weighing only 135 pounds and showing no certain promise of distinction. Mr. Wheelan told how through energy and pluck the obscure freshman made himself felt in college, became the best boxer in his class, by systematic exercise built up his health and bodily vigor, wrote, did excellent scholarly work, and became a leader among his fellows, and how within three years of his graduation, he had published his novel history of the war of 1812, had been elected in New York Legislature, and was his party's candidate for speaker.

At the same university meeting Frank Otis, president of the Alumni association, described his student days at Berkeley as a member of the pioneer class of '73, and told of how the alumni can serve their Alma Mater—by providing for its better financial support, by making its work, its needs, and its opportunities known throughout the state, and by seeking themselves fitly to represent the university. He told too of the endeavor now being made by the alumni to raise by subscription $100,000 to build an alumni hall which shall serve as a center of the common life of the university.

Many distinguished men have spoken at recent university meetings, among them President Jordan, President Tucker of Dartmouth, James H. Eckels, formerly comptroller of the currency; Frederick Holls, secretary of the peace conference at the Hague, Frank Norris, '94, the novelist,—he read a brilliant unpublished short story,—Dr. Jacob Voorsanger, Father James O. S. Huntington, superior of the Episcopal Order of the Holy Cross, Walter Damrosch, the composer and conductor; Professor Alfred C. Haddon of Cambridge, the English anthropologist; Bishop Henry C. Potter of New York; President Barrows of Oberlin, Judge Morrow of the United States circuit court, Justice McFarland of the California Supreme court, President Gates of Pomona College, Speaker Aiden Anderson, Professor George H. Howison, Professos C M. Gayley, and Professor H. Morse Stephens. A number of Seniors chosen from among the most representative members of their class and allotted three minutes each are always the speakers of the closing university meeting of the year.

Albert Bonnheim of Sacramento has founded a Bonnheim prize of $200 to be awarded yearly to the undergraduate who makes the best public address on any ethical theme. "Lynching and the Moral Law," is this year's subject. The distinction of appointment as a "Bonnheim Essayist" a prize of $10 dollars each, and the right to participate in final public discussion will be awarded to the five undergraduates who submit the best essays on this theme in the preliminary dissertation contest. Already there are two great annual debates—the Carnot and the Intercollegate, but Mr. Bonnheim, has devised the first annual contest whose object is not the establishment of an argument, but a judicial attempt to arrive at the clearest possible exposition of the truth.

The students assembled Wednesday night around a bonfire to listen to speeches by alumni faculty men, and undergraduates, and to cheer for the football men—115 men are out for the 'varsity elevens. After the rally someone suggested a march through the streets of Berkeley. When the line of several hundred students reached the station, they found a local train standing there. Anyone may ride free on the local trains within the limits of Berkeley. The whole procession got aboard. There was much noise and confusion. Cardboard advertising placards were cut out. Someone pulled the signal cords, the air brakes were applied by the engineer, and the train came to a stop. The trainmen locked the doors of the smoking car, intending to take the students with him on to Oakland and there to summon the police. The men opened the windows and jumped out.

Next day the entire student body met, passed resolutions accepting all the blame for the disturbance, expressing profound regret, pledging the student body to do all in its power to prevent the recurrence of any such affairs, and offering to make the fullest financial amends to the Southern Pacific Company.

AN ENGINEER'S FAST RUN.

An engineer on one of the roads entering here in speaking last night of fast runs said: "Although my machine is not slow, once let a cold get six hours the start of me and my machinery is no match for it. I have for years kept a bottle of Kemp's Balsam constantly in my cab, and when a cough or cold gets a start of this standard remedy it is indeed a cold day." Price 25 cents and 50 cents. For sale by all dealers.

Selling Out at Cost.

Pianos, organs, and sewing machines. Store must be closed at once. If you expect to buy a piano, organ or sewing machine within the next five years it will pay you to buy now. Second-hand pianos from $40 up. Terms to suit you. Come early to get your pick.

Occurrences Not Mentioned Elsewhere.

Accidents And Incidents That Make Up The News of The Week.---The Traveling Public.

Warehouseman Lucas states that wool sale will be held on Tuesday, October 21st.

W C. Hunter, a promient stock raiser of Humbolt, was a guest at the Palace last Wednesday.

Nothing lasts except merit. The whiskey which has lived for years—is worthy to live. Gilt Edge whiskey is old and pure. Your dealer has it. Wichman, Lutgen & Co., San Francisco, Cal., Sole Proprietors.

The new water system for Willits has been completed. A pressure of 80 pounds to the inch is registered. The board of trustees have purchased some 600 feet of fire hose and the town is now insured against another serious fire.

The coast stage bound for this city last Monday upset near the Halfway house and bruised several of the passengers but none were seriously hurt. Those on board were, F. A. Whipple, Mrs. Hickey, Mrs. Ritter, Miss Mabel West and Miss Thompson.

Mrs. H. C. Mohn, nee Miss Cora Poage, of Willits, died at her home last Wednesday afternoon after a short illness. The deceased leaves five small children and a husband to mourn her loss. Mrs. Mohn was the sister of District Attorney Poage and Dr. Chas. Poage of this city. The funeral took place in this city today.

H. J. Miller, foreman of the Eel River Electric Light company, who was bitten by a rattle snake on September 11th, wishes the statement corrected "that he was prepared for such an emergency having taken copious draughts of whiskey before the accident." Mr. Miller had not drank any liquor nor did he expect to be bitten by a snake.

The services at the Christian church are increasing in attendance and interest. The theme for the sermon at 11 a. m. on Sunday morning will be Burden Bearing, and at 8 p. m. Conquering by Obeying. Bible school at 10 a. m., Junior Christian Endeavor at 3:30 and Y P. S. C. E. at 7 p. m. The public will find it pleasant to worship here. A kindly invitation is extended to all to come.

The local Burbonites had an inning last Saturday evening, the occasion being the advent of T. A. Bell of Napa, democratic nominee for congress for this district, into the politics of this section. The band played, two cords of wood were burned, Mr. Bell delivered his speech and the show was over. It was the opening of the democratic campaign in Ukiah and if the closing of the campaign will be as undemonstrative and with as little enthusiasm as the opening then the democrats will have very little to gloat over.

Grain! Grain!

Remember that name when you want a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it. Grain-O is made of pure grain, it aids digestion and strengthens the nerves. It is not a stimulant but a health builder and the children as well as the adults can drink it with great benefit. Costs about ¼ as much as coffee. 15 cents and 25 cents per package. Ask your grocer for Grain-O.

TO WHOM IT MAY CONCERN

All parties knowing themselves indebted to the firm of F. Brunner & Son are hereby requested to call and make

IMMEDIATE SETTLEMENT

as the present copartnership is to be dissolved, F. Brunner retiring from the business. Dated at Ukiah, this September 26, 1902.

F. BRUNNER & SON

PASTOR RESIGNS.

Rev. D. M. Gillies of the Presbyterian Church Accepts a Call to Nova Scotia.

Rev. D. M. Gillies, who has been the pastor of the Presbyterian church in this city for the last three and a half years, has accepted a call to the church at Westville, Pictou county, Nova Scotia. Last Sunday evening he preached his farewell sermon. The Methodist churches joined in the services and the building was packed to the doors. Rev. L. Ewing opened the services with a scriptual reading and was followed with prayer by Rev. J. C. Bolster of St. John's M. E. church. Mr. Gillies then preached a powerful sermon in his usual forceful manner. Rev. W. O. Waggoner of the M. E. church south, then took charge of the services and spoke feelingly of his cordial relations with the retiring pastor. Addresses, appreciative of Mr. Gillies' work and expressing regrets at his departure and good wishes for the future of himself and family, were made by N. Wagenseller, Dr. E. G. Case and Attorneys W. P. Thomas, J. L. McNab and A. J. Thatcher.

Mr. McNab offered the following resolutions, which were adopted by a rising vote:

Whereas, Rev. D. M. Gillies, after a pastorate in the Presbyterian church in Ukiah of three and a half years, has been called to accept a larger charge in Nova Scotia:

Therefore be it by all the members of the Presbyterian church of Ukiah and by all the protestant churches of Ukiah met in union meeting,

Resolved: That it is with regret, deep heartfelt and sincere, that we see him leave the city in which he has done such noble and uplifting work.

Be it further resolved: That the members of all churches represented here recognize the tact, moderation and ability by which he has held the affections of his church people while maintaining toward all sister churches a sympathy and cordiality of spirit which has done much towards knitting together by firmer bonds the fellowship which should exist among those who follow the Christian faith

Be it further resolved: That while it grieves us to let him go from us, it is with a sense of pride that we commend to the people of the church over which he is to assume charge, his earnestness and eloquence, his unswerving honor, his fidelity, and devotion to the Christian faith and the inspiration of his example in leading a clean and upright life

Be it further resolved: That we hereby extend to Rev. D. M Gillies our deep and heartfelt hopes for his future success and that through him we extend the hand of christian fellowship to the church among whom his future labors are to be cast

Mr. Gillies left on the morning train Tuesday to take charge of his new pastorate. His family are already in Nova Scotia where they have been visiting for several months. Both Mr and Mrs. Gillies will be greatly missed in church and social circles here and best wishes of their many friends go with them to their new field of usefulness.

OCCURRENCES ON THE COAST

As Reported In the Beacon, Advocate and Record.

A Brief Resume of the Doings of Our Neighbors Who Dwell on the Other Side of the Mountains.

MENDOCINO BEACON.

The woods east of town are on fire, Brown and Gray's new chute at Russian Gulch was in operation this week for the first time. The Point Arena was loaded with 7000 ties about as quickly as the chute at this place could do it. The chute works upon rather a new principle, the load being taken aboard the vessel by gravity, while a counterweight brings the traveler back when the load is off. A steam donkey is required to hoist the load from the car at the chute. The chute was put up by John Petersen of this place, who we understand also designed it. Another innovation is the use of horses and carts in place of cars and tracks, and this also was a success, proving more satisfactory than the old method. It is said that some of the local mill companies are considering the feasibility of using the cart method of moving lumber from yard to chute. The working of the chute was watched with interest by several who desired to learn what degree of success awaited the trying out of the new ideas involved.

The announcement of Miss Sue Harris, the regular Republican nominee for county school superintendent appears in this issue of this paper. Miss Harris is a talented young lady who has made a creditable record in the schools of Mendocino county, having taught in various districts, and for several terms she was employed as teacher in one of the departments of the Ukiah grammar schools. She secured her education through her own efforts and deserves success for surmounting the obstacles that beset the path of a girl thrown upon her own resources early in life. A woman for school superintendent is no experiment, as it attested by referring to the nominees in many neighboring counties. Miss Harris will certainly make an ideal official if she is elected.

J. L. Johnson, Republican nominee for sheriff, spent a few days in town last week. Jim is a worker and is making a lively canvass of the voters.

FORT BRAGG ADVOCATE.

L. McCloud, the Republican nominee for Coroner and Public Administrator, is in this section.

Judge Mannon came over from Willits Friday night and will remain here a few days interviewing the people.

The blowing of the mill whistle Sunday morning about half past eight and the ringing of the fire bell, caused some excitement on the streets. Fire broke out in the company's dry kiln. It was discovered before gaining headway and quickly extinguished.

There is considerable talk on the street about the Glen Blair property changing hands. Up to the time of going to press we have been unable to confirm the rumors. Parties interested in the transaction, after spending some time at Glen Blair surveying and looking over the property, left for San Francisco Saturday.

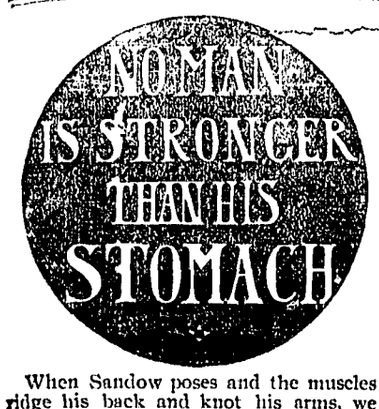
POINT ARENA RECORD.

The bell buoy off this place is disabled and the authorities promise to replace it with a new one as soon as possible.

Next Monday J. C. Haliday and ye editor visit the lower end of the coast in the interests of their candidacy for tax collector and assemblyman respectively. They will then circuit the county and the voters will know that there is something doing when these candidates get fairly to work. Business interests prevented an earlier start, so if some localities are missed please accept the will for the deed and bear in mind Halliday and Hanen want your votes and will repay the compliment by doing their whole duty if elected.

Walter F. Stingley, the Republican nominee for district attorney, was in town this week in the interests of his candidacy. He feels very much encouraged on the prospects of election.

Under the management of J. H. Shibley, an acre and a quarter of the L. E. White Lumber Company's land at Greenwood this year yielded 7000 pounds of peas. This is a fair sample of the productiveness of the coast soil, and will probably rank with any other section of the state.



When Sandow poses and the muscles ridge his back and knot his arms, we think we have before us the very secret of strength in those magnificent muscles. But we haven't. Starve Sandow, or, what is practically the same thing, let him be dyspeptic, and his muscle would soon fail. Strength is made from food properly digested and assimilated, and no man is stronger than his stomach, because when the stomach is diseased digestion and assimilation are imperfect.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food so that the body is nourished into perfect health and strength.

"I had what my physician called indigestion. He gave me medicine for the trouble but it did me no good," writes Mr. W. H. Wells, of Willard, N. C. "I wrote to Dr. Pierce and stated my case. He sent me a descriptive list and hygienic rules. I carried out these as best I could, bought six bottles of his 'Golden Medical Discovery' and commenced taking it. A few days later I noticed a great change. Felt like a new man. Before I began the use of the 'Golden Medical Discovery' I suffered greatly with pain in stomach, my nerves seemed all 'run-down,' I was very thin in flesh, but now can eat heartly and sleep good at night."

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send twenty-one one-cent stamps for the paper-covered book, or thirty-one stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

TAXES NOW DUE AND PAYABLE.

Second Road District.
